

OPPORTUNITIES FOR GIFTED AND TALENTED STUDENTS in ENGLISH

Within the English department's schemes of work, there are enrichment and extension activities designed for gifted students which will provide opportunities for young people to develop a deeper understanding by their encountering of more complex resources and ideas. Furthermore, at the end of each scheme of work, there are further suggestions for enrichment activities written in for gifted students to complete alongside their topics, for example, reading lists, research projects and suggestions for extended exploration of contextual factors affecting language and literature, to help students enrich their knowledge of the subject.
