

It has been decided in Humanities to offer united G&T activities primarily to the girls on our combined register for all years. After this visits and activities will be offered to other interested parties. All the activities will be of additional value to students from years 7 - 13. It is also hoped that they will get something from working alongside each other. To that end I have not specified which department is offering which activity, they are under the umbrella of Humanities.

- Day visit to London in the Autumn Term looking at a variety of museums and the sights in general.
- Day visit - Diversity in Manchester
- Evening visit to the Alderley Edge Copper Mines
- Visit to the CAT centre in Mid Wales
- HPQ is offered to Year 9s
- Liverpool Maritime Museum - Slavery Section
